## \$800 SUBSCRIBED FOR CITY MISSION

Eighty Attend Banquet and  
Hear Work of Dewey  
Praised Unstint-  
ingly

## COMMITTEES CANVASS FOR FUNDS

Visiting Mission Men Head  
Bands Which Are at  
Work to Gather  
Resources

Eight hundred dollars of the \$2,500 needed for the continuation for another year of the work of the City Mission was subscribed last night at the banquet held in the hall of the Y. M. C. A. building. About eighty people attended. They were members of the ministry, city officials and prominent business men of the city.

P. MacFarlane, superintendent of the mission in St. Paul, and U. V. Siloway, superintendent of the large mission in Milwaukee, who addressed the meeting last night, are canvassing the city today at the head of three committees appointed at the banquet in the endeavor to raise the needed amount. Superintendent D. C. Dewey, of the mission, and his fellow workers in the campaign feel that within a short time the needed amount will be forthcoming.

## The Committees

The first committee consists of George Gordon, J. M. Holley, W. E. Walker and P. MacFarlane. The second committee consists of Ori J. Sorensen, U. V. Siloway and Superintendent D. C. Dewey. The third committee has not been completed.

Melvin E. Trotter, Grand Rapids, Mich., the well known evangelist and mission man, did not arrive in the city yesterday, due to a sudden illness which overtook him while enroute from his home to Milwaukee. Mr. Siloway was traveling with him. When reaching Chicago yesterday morning a physician advised him to leave the train but he refused. He became worse and when Milwaukee was reached was compelled to seek medical attention.

E. D. Kolstead of Milwaukee, well known mission worker and churchman in that city, was asked by Mr. Trotter to address the banquet.

Following three musical numbers, Superintendent Dewey made a few remarks on the work that had been accomplished during the past year. He said that over five thousand people had attended the services. One hundred and twenty-one homes had been helped. A large number of men being the past year had been given shelter for the night and fed.

Superintendent Dewey spoke of the clothing department of the mission and the hundreds of persons each year who were helped in this way. He said that the work was done in cooperation with other charitable organizations in the city.

U. V. Siloway of Milwaukee, introduced the principal speaker of the evening, E. D. Kolstead, of Milwaukee. Mr. Kolstead's remarks centered around a plea for the fallen man. He maintained that the mission was necessary in every city, as the only means to lift up this class.

"The city is the place to demonstrate militant discipline," said Mr. Kolstead.

## BONI HAS PLAN TO DUPE CREDITORS

PARIS, Sept. 30.—All Paris was laughing today at the scheme Count Boni De Castellane, former husband of Anna Gould, is said to have adopted in satisfying his scores of creditors that he would soon be able to pay his debts through a marriage to the millions of the Morgan family of New York.

According to the story Boni, being particularly hard pressed, took his creditors to Versailles where he called on Miss Anne Morgan at the Villa Trianon. The creditors were placed behind bushes in Versailles park and Boni then walked with Miss Morgan through the ancient forest. The creditors peeped from behind the bushes and solemnly believed that if Boni could take Miss Morgan for a walk unchaperoned they must be betrothed.

Rock and Coal Is Fed  
Through a Long  
Pipe

## BEEN BURIED SINCE LAST FRIDAY

Mine Manager Announces  
He Will Be Reached  
in About Two  
Days

WILKESBARRE, Pa., Sept. 30.—Signals were received today from Thomas Toshesky, a miner who has been entombed in the mammoth vein of the Continental mines near Centuria since last Friday. Forty men have been working day and night to rescue the man and today Fred M. Chase, general manager of the Lehigh Valley Coal company, announced that Toshesky will be reached within two days. Food is being supplied to the entombed man by means of a two inch pipe, which was driven through rock and coal early today to reach him.

Friday morning Toshesky and his laborer, Frank Dombrosky, fired a shot and went up the gangway to await results. Toshesky ventured back and while he was in the chamber, the pillar gave way and he was enclosed. His laborer gave the alarm and the work of rescue started. The rescuers were handicapped because the pillar continued crumbling.

The rescuers will have to bore through about eighty feet of solid rock to reach Toshesky. The work of rescue is slow and must be done very carefully.

## STRIKERS ROUT CAR OF ARMED GUARDS

Turn Back Train by Barri-  
cade and Fire Upon  
Men Imported from  
New York

CALUMET, Mich., Sept. 30.—The striking copper miners in Keweenaw county today succeeded in turning back several car loads of armed guards, imported in a special train from New York city. The train bearing the New York gunmen was rushed through Calumet without a stop, but a few miles outside of Ammeek, it was halted by piles of ties on the tracks. The guards opened fire on a mob of strikers there and the fire was returned. Every window in the train was broken, but as far as could be learned, no one was injured.

Unable to reach Ahmeek by train, the guards returned to Calumet and were rushed into the Keweenaw district in automobiles. For the first time in many weeks, the rioting in the strike district was serious today. Made confident by the arrival of reinforcements, the mine guards were even more insolent and overbearing than usual in their treatment of the strikers and general disorders resulted. The scalp of a woman sympathizer was laid open by the bill of a Waddell detective when guards engaged in a fight with paraders. The woman's condition is serious.

## WILL DISPOSE OF TARIFF MEASURE

Tacit Agreement to Settle  
Conference Report Be-  
fore Adjourn-  
ment

## WILL DEBATE COTTON FUTURES

Substitute for Clarke Tax  
on Speculative Gam-  
bling Still Unde-  
cided

WASHINGTON, Sept. 30.—Tacit agreement to dispose of the tariff conference before adjournment tonight was secured in the house today. An agreement to take a final vote on the report at 4 o'clock. After that it was agreed to begin consideration of the plan for taxing cotton speculative "gambling."

Acceptance of the conference report would mean adoption of the tariff bill, except the Clarke cotton futures amendment. The leaders hoped to adopt in its stead, the Wilson-Underwood-Smith-Lever substitutes, thus completing the tariff action. The house planned to remain in session until a final vote on the sub-plan was obtained in order to send a completed tariff bill to the senate for action tomorrow.

"This bill places many of the necessities of life on the free list," declared Representative Underwood, opening the debate on the conference report. It substitutes a rate of duty much lower than the existing law on many other necessities. It carries an average taxation of a trifle over 26 per cent as against 29.40 in the Wilson law and 40.12 in the Payne law.

Underwood said the income tax would yield \$82,000,000 in revenue next year, exclusive of \$38,000,000 secured from the present corporations tax.

"From all revenue sources, the bill will raise \$1,026,000,000 in 1915 and furnish a national surplus of \$18,000,000 over all expenses—a safe balance," he stated.

## SHOOTS FORMER SPOUSE

## GOVERNMENT FIGHTS FOR FUEL SUPPLY

Oil Lands Worth Billions  
Stake in the Suit Filed  
Against Mid-West  
Oil Company

## HINGES ON POW-ER OF PRESIDENT

Lands Alleged to Have  
Been Illegally Taken Up  
Despite Withdrawal  
Order

DENVER, Colo., Sept. 30.—The retention by the United States government of oil lands in California, Arizona, Wyoming, Utah and Colorado, valued at figures so stupendous as to be almost unbelievable is involved in the suit of the government against the Mid-West Oil company and others, hearing on which began in the United States court of appeals here today.

Technically the suit involves title to only 160 acres of land in the Wyoming oil fields valued at from \$1,500,000 to \$4,000,000. In reality, it involves the validity of an order issued by the president of the United States on September 27, 1909 withdrawing from all forms of entry 3,041,000 acres in California and Wyoming.

## Worth Two Billions

At the original hearing of the suit in Cheyenne last year, evidence was introduced to show that the officials of the navy department estimated the amount of oil in the land withdrawn in the state of California alone at four billion barrels, which represents a valuation of two billion dollars.

The suit was brought by the government against the Mid-West Oil company, the Reed Investment company, and others. Federal Judge J. A. Riner of Cheyenne ordered the suit dismissed, and the present hearing is on the government's appeal. The outcome is being watched closely by officials at Washington, on account of its bearing on the fuel oil supply of the navy.

## Violated President's Order

On September 27, 1909, the president approved an order reserving certain oil lands in Wyoming and California. Despite this, certain parties acquired a quarter section in Natrona county, Wyoming, and discovered oil, took possession. The Mid-West Oil company afterwards acquired this land. In June 1910 an act of congress approved expressly authorizing the president to reserve public lands.

The point in controversy is whether the first order of withdrawal was valid. Judge Riner held that the president did not have authority to withdraw.

## ESCAPED LUNATIC CAPTURED IN CITY

Gust Everson at Liberty  
Since May Grabbed by  
Gullikson Who Was  
in City on Business

Escaped from an asylum since last May, Gust Everson, committed to the La Crosse county institution at West Salem from La Crosse, was captured in the city last night by Superintendent Gullikson.

Mr. Gullikson was here on business and chanced to see the escaped lunatic who for months has succeeded in eluding pursuers.

Taken to the police station a railway ticket from Homer to Winona, Minn., was found on his person. This leads the authorities to believe that the man has been working in Homer since his escape from West Salem months ago.

He was returned to West Salem today.

## COAL BINS ON FIRE

MINNEAPOLIS, Minn., Sept. 30.—With 500 tons of coal burning in the basement of the court house, fumes from the gas generated became so great today that the occupants were in danger of being driven out. The fire, which has been smoldering for several days, is in a concrete and stone bin where it cannot spread to the rest of the building, but it is impossible for the department to reach the blaze. The fire fighters say the coal will all have to be shoveled out.

Commission and Players  
May Halt the  
Games

## WOULD STOP BASEBALL WRITING

Tossers Who Have Already  
Signed Contracts for  
Articles Defy Na-  
tional Board

NEW YORK, Sept. 30.—The threatened war between the national commission and the Philadelphia Athletics and Giants' players had reached such a stage today that there were reports here that the commission might call off the world's series unless all of the players agreed to not to fill contracts to write, or pretend to write, stories of the games for the newspapers.

Many of the players had signed contracts before the national commission issued its ruling. They have since been quoted as declaring they would do their reporting in spite of the national commission. Ban Johnson, President Lynch of the National league and President Herrmann of Cincinnati, are determined that the ball player reporter shall be banished. When they meet here on Monday it is understood the players known to have contracts will be summoned before the commission and told finally they will be fined heavily if their names appear signed to baseball articles.

Then Managers McGraw and Connie Mack will be asked to tell the players again of the commission's ruling. If, after the first game, signed articles by players appear, the reports here today had it, the commission might step in and call off the series until the players agree to confine their work to the diamond.

So far the philanthropist who seeks to know how a felon feels, has said little of his impressions but the guards assert he is a good worker. They predict that his time as a convict will do him—if no others—more good physically than any rest cure possibly could.

## CHARGE FAKING IN BROKER'S BOOKS

Manipulation to Shield Sul-  
zer Is Alleged by Im-  
peachment Prose-  
cution

## SULZER LONG WAS SPECULATOR

Broker Testifies that He  
Gambled in Street Long  
Before He Was  
Governor

ALBANY, N. Y., Sept. 30.—The charge that the books of the brokerage firm of Harris & Fuller were manipulated to cover a debt of \$40,261.58, owed that concern by Governor William Sulzer on December 30 last, was made just before recess in the Sulzer impeachment trial today. M. B. Fuller of the firm, who had been examined all day, testifying as to Sulzer's stock speculations, was forced to identify his firm's stock blotter. It contained an entry reading, "Loaned W. S., 500 C. C. C.; 200 Smelting; 100 S. P., \$40,261.58 money loaned."

## After the Book

The prosecution then offered the book in evidence. The defense strongly objected, but Attorney Kresel said:

"We intend to prove that this entry was manipulated. We expect to show that these figures are incorrect. We intend to demonstrate that this entry was not made before William Sulzer became governor, but afterwards and at a time when these proceedings were threatened."

The book was admitted and passed about for the judges to examine the entry.

The stock speculative margin account of Governor Sulzer carried with the firm of Harris & Fuller from March 15, 1910, down to June 15, 1913, was exploited at great length before the impeachment court. With Melville B. Fuller on the stand, the attorneys for the impeachment managers presented a bewildering set of figures showing that the governor, as a speculator, was extremely unfortunate. His purchase of securities of any sort seemed to operate in a depressing manner and invariably the stock crumbled in value.

## Long a Speculator

A goodly portion of Fuller's testimony covered the periods prior to Sulzer assuming the governorship. The committee emphasized, through the witness and its counsel, the fact that for years the governor had speculated. This was intended to offset any claim to be made by the governor or his wife that the speculation was entirely in the nature of investment buying pure and simple.

Fuller in reply to a series of questions by Attorney Kresel, admitted he considered the Sulzer account a purely speculative margin account. This was considered very material by the prosecution.

The witness said the account had been carried as a speculative account until after Sulzer was elected governor. Then, he said, it was transferred to their loan account books.

"Why was this transfer made?" demanded Chief Judge Cullen. "My partners and myself did not think it wise to have stock bearing Governor Sulzer's name carried by us in such a way that it might be hawked about Wall street."

"And this change was made only after Sulzer was elected?" persisted the presiding judge.

"Yes, sir. That is when the change was made and why," replied the witness.

## THREE CONVENTIONS HELD

**SPOTLIGHTS****FINE FEATHERS.**

To H. H. Frazee belongs the distinction of having produced, in New York and Chicago last season, the most successful of all the powerful dramas which have been offered to the American public during the past decade, and to Eugene Walter, dramatist, belongs the credit for having written this same play, "Fine Feathers." That it registered artistic and monetary-breaking records from coast to coast simply emphasizes the consistency with which playwrights the world over will always lend their patronage to the truth. "Fine Feathers" as a representative drama of today exemplifies the theory of the world's oldest dramatic master—Euripides—who, during the zenith of his career, in the Greek theater exclaimed: "To be successful in the theater one must reflect on the stage the condition of the nation."

In recording the statistical facts about "Fine Feathers" one must hark back to August 12, 1912, when the play was first produced by Mr. Frazee in his Cort theater, Chicago. Its engagement there was originally scheduled for four weeks but after its cyclonic success on the opening night and the tremendous patronage which continued after its premiere, the engagement was extended from month to month until it reached the Christmas holidays. Then the play was presented for the first time in New York, recording an equally successful impression and remained at the Astor theater until Easter, when Mr. Frazee sent the play on a transcontinental tour to the Pacific coast. Its first season comprised exactly fifty-two weeks and it is still being played to the capacity of every theater where it is booked.

"Fine Feathers," direct from its Astor theater, New York, triumph, will be seen here with its remarkable cast of players at the La Crosse theater for matinee and night, Sunday, October 5.

NEW YORK, Sept. 30.—Because Belasco refuses to admit that the transfer of his play, "The Temperamental Journey" for a few blocks from the Belasco to the Republic theater made the attraction a "road show," he is at war today with the theatrical mechanics' union. **North Side****HARP EVANGELIST  
TO APPEAR HERE**

Rev. George H. Thompson  
and 100 Years Old Instrument to Conduct Services

Rev. George H. Thompson, the harp evangelist, will conduct a series of evangelistic services at the Tabernacle Baptist church, corner Clinton and Avon streets, beginning next Sunday and continuing to October 17.

Mr. Thompson is the only evangelist of his kind in the United States today, being a preacher of the gospel, a gospel singer and a musician, combined in the one man. He speaks in the conversational tone and illustrates his sermons with song and music. The harp which he uses has been in his possession for thirty years and is more than a hundred years old.

The people of North La Crosse and of the Tabernacle church are fortunate in having a man of his ability and reputation. Most of the meetings he conducts are union meetings and wherever he has gone crowds throng to hear him, who find his presentation of the gospel so clear and impressive that hundreds begin the Christian life through his efforts.

The members of the Tabernacle church have been looking forward to Rev. Thompson's coming since last April, and the congregation is united and enthusiastic over the prospects for the meetings. A chorus of young people has been rehearsing for the past month preparing to sing at the special services. Cottage prayer meetings were held last night and will also be held tonight, while on Wednesday, Thursday and Friday nights meetings will be held in the church, conducted by the pastor, Rev. H. B. Leonard. All are invited to these services.

NORTH SIDE CHURCH**

Rev. B. C. Brandenburg, former district superintendent of the Galena district of the German Methodist churches, has been appointed pastor of the Second German Methodist church on the north side, which is at the present being led by Rev. W. J. Witter.

Rev. Brandenburg was offered a larger congregation and a larger salary, but preferred the La Crosse charge. Rev. Brandenburg's children are attending school here.

Rev. W. J. Witter leaves in the near future for Klemme, Iowa, to take charge of a congregation there. The charge is a larger one than the North La Crosse church and is a decided promotion. The congregation which he has led here and his host of friends have congratulated him on the change although loath to see him go.

**GENERAL KING HAS  
PRAISE FOR HOLWAY**

Declares that as Officer and Gentleman He Has No Superior in State Militia

MILWAUKEE, Wis., Sept. 30.—"I have known General Holway since he was a young lieutenant in Company G, Third Infantry, away back in the early 80's," said General Charles King last night. "I have served with him year after year, watched his work in every grade, and believe that as officer and gentleman he has no superior in the state militia, our 'National guard.' No man, in my opinion, is so worthy to succeed General Boardman."

General Holway was the senior ranking infantry colonel of the guard. He was given signal honor in 1912 by being made commander in chief of the "blue" brigade which participated in extensive mimic warfare and maneuvers a year ago, between Camps Douglas and McCoy. He was a brigade commander of the two brigades which camped successively at Camp Douglas during the past summer. He was made colonel of the third regiment in the Wausau Light guards, December 30, 1882, and was commissioned first lieutenant January 8, 1884, promoted to a captaincy October 8, 1888. He resigned the latter position December 24, 1888, and was commissioned adjutant of the third infantry on May 4, 1889, and held that rank throughout the Spanish-American war. He was with the regiment during the campaign in Porto Rico at the declaration of peace. After the Spanish-American war he was commissioned colonel of the third infantry which position he has held continuously until the present time.

**RUSHFORD MINN**

At the home of Mr. and Mrs. C. M. Christenson, of this vicinity, there occurred on Wednesday afternoon, Sept. 24, the marriage of their daughter Laura to Edward Reishus, of this city. Only immediate relatives of the contracting parties were present at the ceremony, which took place in the home parlor, beneath a beautiful canopy of flowers. Miss Clara Reishus played the wedding march. Rev. Ostrom officiated. The bride was attired in white messaline, trimmed with shadow lace and beads, and was attended by Miss Tena Christenson and Miss Edna Omdot, of Houston. Messrs. Bennie Reishus and Martin Christenson were best man and groomsmen. A bountiful wedding supper was served after the ceremony. The young couple will be at home after Oct. 10 to their many friends at the home of the bride's sister, Mrs. Jacob Johnson, in this city.

Mr. Michael Burke, son of Mr. and Mrs. Patrick Burke, of this city, also joined the ranks of the benedicts Wednesday, Sept. 24, taking as his bride Miss Kathryn Jensen, daughter of Mr. and Mrs. Lars Jensen, of Highland Prairie. Mr. Burke and his bride were united in marriage at La Crosse, in the presence of a few friends, at 9:30 Wednesday morning, but will make this city their home. After a short trip to the Twin Cities, they will return. Mr. Burke is the mail carrier on rural route No. 2 out of Rushford.

Charles Nicholas, the manager of the Elite theater, will run the moving pictures continuously afternoon and evening all three days of the festival, one of the attractions being "Uncle Tom's Cabin" in three reels.

A gentleman thoroughly versed in the business will also be here to take moving pictures of the crowds, and if you are not in them it will be your own fault. These "movies" will be shown at the Elite the following week, so get into line when he comes.

Mr. and Mrs. Pat Burke have been the recent guests of their son and his family at Oak Ridge.

Jens E. Vingun of the vicinity of Hart has sold forty-five acres of his land to Halvor Sweningson for the sum of \$1,200.

Messrs. P. Iverson of Whitehall, Wis., and I. G. Iverson of Houston have been the guests of Miss Gunda Iverson of this city, being her father and brother.

Olaf Nelson, of Dexter, Minn., is spending a few days with his family here.

The Misses Cora and Clara Johnson and Julia Olson and Martin Larson have all secured claims in Montana and will found a Rushford colony there, according to Mr. Larson, who is at present here upon a visit to his mother, Mrs. Oscar Larson. He has been making his home at Independence, Iowa, for some time. There is already a good-sized town in Canada, founded by Rushfordites and named after our own beautiful city, and there seems no danger of the name ever being cast into oblivion.

Let the big crowd which we hope to see in our city next Wednesday should fear that we may not be able to furnish them, enough to satisfy "the inner man," we state that the ladies of the Rushford Presbyterian church will serve one of their famous chicken-pie dinners that day and will also serve afternoon and evening luncheons, all in the cozy

Mr. Ingalls is a dentist in the employ of the United States army.

The old adage of "a good joke will bear repeating" seems to hold good in the case of Miss Mildren Evenson, of Peterson, although this time the "joke" is not a joke. Some time in the early spring, Miss Evenson wrote to her friends in Peterson from Kalispell, Mont., that she was married, and, receiving numerous wedding gifts, was forced to explain that she was "married" in a play in which she took part. But a few days ago her friends here again received the news, this time by announcement cards, that she was this time really married. The groom is Mr. Ole M. Newgard of Kalispell and the ceremony took place September 11. The happy couple's future home will be at Eureka, Mont., and the best wishes of a host of friends accompany them.

The regular semi-monthly meeting of the Agricultural club met at the Rushford city hall Saturday. There were a goodly number out and an enthusiastic interest shown. The subject up for general discussion was "The Babcock Test," an actual demonstration as well as a description of its workings and benefits being given by members of the high school agricultural class and also Mr. Hamilton, instructor in the subject.

Camp Hazzard seems to have died a natural death, which will be sad news to many who have sat under its stately trees, rested within its rustic walls and generally enjoyed its many attractions. Notice has been given of an auction of the furnishings of the camp, but just what disposal will be made of the grounds is not at this writing known. The place has become quite famous during the many years it has been in existence, its owner being Mr. Hazzard, a one-time resident of this city and for years a joint owner in the Corner Drug Store, together with Mr. Helberg. When Mr. Hazzard went to Massachusetts to make his home, the camp still continued to bear his name, as his generosity had first made the place possible and had furnished it with all necessary equipment for camping. How many thousands have enjoyed going up to take an outing there would be a hard matter to estimate.

John Reishus, an old resident of this city, is circulating among his friends here this week. His home is now in Nome, N. D.

Mrs. T. R. Parish has had as a guest her niece, Miss Bertha Messers of Houston.

Miss Mollie Swenson of Nome, N. D., is a guest of relatives here.

Editor Carl Smaby of the Peterson Herald has been in this city aiding in moving his family up to Peterson to make that place again their home.

Mrs. H. Thompson was the guest of Lanesboro relatives this week.

The Masonic lodge and Eastern Star will move into their new and commodious quarters next Monday, or so it is hoped, if all arrangements are made as now expected. The new Masonic temple has been under the artistic brush of Mr. Will Baerman for some time past and will be as pretty a place as can be found in a long day's journey. The lodge is indeed fortunate in having so beautiful a home.

**Are You Subject to Backache?**

The muscles of the back are constantly under heavy strain and have but little rest throughout the day. They are therefore in need of all the nourishment and strength that plenty of pure, red blood can give them. Unless they have this help, you will have backache and continue to have it.

Backache seldom or never means kidney trouble. It is nothing more than the tired, weary, worn-out muscles of the back showing their exhaustion because of lack of good pure blood.

If you are subject to backache you have reason to suspect the condition of your blood. The one generally recognized blood purifier and builder—Dr. Williams' Pink Pills—is worthy a serious trial.

Call at your druggist's and get a box of these pills. You will find them different and more effective than any other medicine you can take for the blood. You will notice that besides strengthening your nerves and banishing your backache Dr. Williams' Pink Pills will tone up your entire system and give you an appetite that will make your meals enjoyable.

**SCHOOLS SPREAD DISEASE.**

How would you like to wipe your hands and face upon the same roller towel that had been used by seventy or eighty other people for a week? Late last year a new member was appointed to the school board of a prosperous Wisconsin city. He proceeded to use his eyes, and to ask questions. He found in one school that children of two rooms were using one roller towel for a week. He put it up to the people who had children. They were amazed and shocked. Today, these schools have individual paper towels, sanitary soap containers, clean toilets and clean rooms.

When teachers and parents allow such a disgusting condition to exist, is it any wonder that we have contagious disease epidemics? Schools, at best, are overcrowded. At best, children are in closer contact than they should be. It's bad enough to have healthy children so closely housed. Sick children should be instantly removed.  
Medical inspection provides almost the only means of safeguarding the well. Intelligent mothers, who aren't frightfully overworked, will take note of their children's condition and keep them out of school on first suspicion of contagious disease. This care, however, will not insure the protection of their children from others less carefully watched.  
Man used to carry a club with which to protect himself and his family. Civilized man employs a policeman. Camphor bags, potatoes, etc., were once carried for protection from contagion. Modern civilized people separate the sick from the well. Just as a rotten apple will contaminate a barrel of sound ones, so will a child with contagious disease contaminate the well. A school nurse costs a school district no more than a good teacher. Here are two simple school problems:  
"What is the result of adding strong bodies to good brain development?—of dividing good minds by weak bodies?"

D., Sept. 30.—A scathing denunciation of the petitioners was the answer Apostolic Delegate Bonzano of Washington gave to a petition signed by a committee of local Catholics protesting against the utterances of Bishop Busch at Milwaukee against Homestake Mining company. Archbishop Bonzano declared Bishop Busch was right in his stand for Sunday observance.

At Milwaukee recently Bishop Busch bitterly denounced the Homestake miners on Sunday and causing them to miss mass.

**GAYNOR LEAVES \$500,000**

NEW YORK, Sept. 30.—Cabled insinuations against the late Mayor Gaynor by Richard Croker, once Tammany boss, because he left \$5,000,000 or \$6,000,000 were discounted here today when it was learned that a private appraisal of the Gaynor estate shows it will not exceed \$500,000. The valuation was determined to enable the executors to pay the state inheritance tax at once. They declare that half the Gaynor property is in real estate, heavily mortgaged, some of which was acquired thirty years ago.

**MOB DARES MAYOR.**

CHICAGO, Sept. 30.—With two of his friends standing guard at his home, W. M. Lawson, socialist mayor of Des Moines, Ill., who was threatened with mob violence, declared today that he would face impeachment proceedings rather than retract his utterances regarding the United States army.

An article over the mayor's signature in the village paper, declaring that "no man can fall lower than a soldier," caused the outbreak. A crowd gathered outside the town hall and dared the mayor to come out. He remained inside with two socialist councilmen.

CHICAGO, Sept. 30.—After being severely rebuked by Mrs. Ella Flagg Young, superintendent of public schools, for attempting to secure the removal of a teacher, prominent members of the Frances Willard school parent teacher association, in an exclusive section of Chicago, today decided to drop the matter.  
The teacher was accused of selling books to school children for five cents, when they cost her nothing.  
"Even if she had done such a thing, I would not consider that she came so close to breaking the Ten Commandments as women in this audience who gloat over bargains made possible by the sweat and blood of young girls," said Mrs. Young.

**TURN HAIR DARK**  
**WITH SAGE TEA**

If Mixed with Sulphur It  
Darkens so Naturally  
Nobody can Tell.

**Always an Active Enemy.**

Above all things, be on your guard against your temper. It is an enemy that will accompany you everywhere to the last hour of your life. If you listen to it, it will frustrate all your designs. It will make you lose the most important opportunities, and will inspire you with the inclinations and aversions of a child, to the prejudice of your gravest interests. Temper causes the greatest affairs to be decided by the most paltry reasons; it obscures talent, paralyzes every energy, and renders its victims unequal, weak, vile and insupportable.—Fenelon.

**Had Proved It.**

"Daughter," called the father from his position at the top of the stairs, at the well-known hour of 11:55 p. m., "doesn't that young man know how to say good-night?" "Does he?" echoed the young lady in the darkened hall; "well, I should say he does."

**Mrs. C. F. NASH**

Mrs. C. F. Nash of Indianapolis and Mr. C. F. Kennedy of Grand Rapids, Mich., who have been guests at the home of Mr. and Mrs. F. A. Cotton, have returned to their home.  
Miss Vera Anderson, noted local violinist, was operated upon for appendicitis this morning. She is reported to be doing well.

**Always an Active Enemy.**

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.  
Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

Constantine Hurries to Athens to Take Charge of New Situation There

## TURKS AND BULGARS UNITED

Albanians and Servians in Heavy Fighting Today Along the Border

LONDON, Sept. 30.—Greatly disturbed over the situation which has developed in the Balkans, King Constantine of Greece, left Athens today and will hurry directly to Athens. The signing of the treaty between the Turks and Bulgarians yesterday may result in further complications, it is feared.

As a result of the treaty signed yesterday the Turks are ceded Adrianople, and an alliance is formed between the Turkish and Bulgarian governments.

Constantine has been away from Athens for about a month. After spending some time in Germany and France with Queen Sophia, he came to England. He then returned to Paris and was entertained by President Poincaré before coming back to Bourne.

VIENNA, Sept. 30.—Heavy fighting between Albanians and Servians is reported today in the outskirts of Monastir. The Albanian tribesmen who are largely Moslems, are believed to have received aid in money and armament from the Turks. The attempt to capture Monastir is believed here to be a preliminary to the possible resumption of hostilities between the ports and Bulgaria, on the one side and the Servians and Greeks on the other.

## POLICE BREAK ALL "PINCHING" RECORDS

Monthly records for arrests were broken today when the La Crosse police produced figures to prove that during the month of September no less than 240 had been "grabbed" by the department.

The nearest to the present figures occurred two months ago, when 196 were corralled by the local "coppers."

MILWAUKEE, Wis., Sept. 30.—Five thousand fans with a band of five pieces welcomed the pennant winning Brewers when they returned today from Louisville bringing with them the American Association pennant. The victorious athletes did not arrive until two hours after the scheduled time, but the fans waited patiently in the fog and chill wind that blew off the lake until their idols appeared.

The rank and file of the members of the club were allowed to walk, but Manager Clark was borne down the main Milwaukee thoroughfare on the shoulders of two husky colored porters subpoenaed for that service.

## BOY FINANCIER IS HELD FOR FRAUD

MILWAUKEE, Wis., Sept. 30.—That D. Watson Crombarger, Milwaukee's boy financier, came here and deliberately set about "making a reputation for himself" in order that he might make a big haul with a "get-away" was the statement today of Captain Sullivan of the detective bureau following Crombarger's arrest on a charge of forgery late yesterday afternoon.

In order to float a theatrical project he was promoting, the police say Crombarger raised a one share certificate of stock in a Milwaukee bank to a certificate calling for eighty shares. On this certificate he borrowed \$4,500 from the First National bank here, but was arrested shortly afterward. He was arraigned this afternoon.

Crombarger came here a year ago from New York.

CHICAGO, Sept. 30.—Chicago faced a possible epidemic of disease this afternoon when the Chicago Reduction company notified Mayor Harrison that when its contract for removing garbage expires at midnight tonight, it will refuse to handle any more city garbage.

## Evergreen Scent.

Evergreen trees of any kind can be made to yield up their sweet scent in the winter if their branches and boughs be gathered for use in the open fire. The needles will usually fall as the branches dry, but if they are dried on newspapers or a large sheet of cheesecloth they can be easily gathered up to burn. Pine trees are especially fragrant and pine cones make a roaring and picturesque fire, besides giving off a breath of the pine woods whenever they are burned.

## Composer's Moods.

Those who imagine that a creative artist can, through the medium of his art, express his feelings at the moment when he is moved, make the greatest mistake. Emotions, sad or joyful, can only be expressed retrospectively, so to speak. Without any special reason for rejoicing, I may be moved by the same cheerful creative mood, and, vice versa, a work composed amid the happiest surroundings may be touched with dark and gloomy colors.—Tschalkowski.

## \$800 SUBSCRIBED FOR CITY MISSION

(Continued from First Page)

Kolstead, in speaking of the work that was to be done among men in every city.

## Solves Problem of Fallen

He spoke of the men who had been rescued in missions throughout the country, naming many instances which had come to his personal attention. "There are special agencies to solve specific problems," said Mr. Kolstead. "The mission is the one to solve the problem of caring for the person who has fallen through various causes."

He ridiculed the person who would put change into the hand of a beggar and would not contribute to the cause of an institution like the mission. He said the most feasible form of charity was the mission.

Mr. Kolstead spoke at length on the system the mission employs in lifting a man, using for an example the Milwaukee rescue mission. He pictured a person down deep in sin and crime, contributing nothing to society, an outcast. He told how Mr. Silloway, head of the mission in his city first clothed and fed these men and then taught them Christianity.

"There are three men at my side tonight," mentioning the three mission superintendents, "who were at one time as low as any of the men who they have helped."

Mr. Kolstead said that a mission was one of the strongest powers for good to a community that could be obtained. "The mission system is ethical, demanding that a man have a clean heart," said Mr. Kolstead. "In civic work the mission is an important factor, but deeper than that is the teaching it gives toward higher things."

"The problem of the man who enters the mission is one that the mission superintendent knows, having been through practically the same experiences; having at one time been snatched from the same life," asserted Mr. Kolstead.

"La Crosse cannot afford to be without a mission, which takes the place of a down town church, and I ask you in the name of fallen manhood to support it," were the closing remarks of his address.

P. MacFarlane of the St. Paul mission, spoke in recommendation of the work. He dwelt on the hard time that Superintendent Dewey had had in La Crosse, and told the business men present that if they could but see the work that Superintendent Dewey was doing they would not entertain the idea of losing it for a minute.

He also spoke of the fallen man and of his needs. MacFarlane was also of the opinion that the mission could do work that the church could not reach.

Chief Praises Mission  
Chief of Police John Webber then gave a short address on what he knew of the mission and its power for good here. He said that Superintendent Dewey was doing a work far greater than any former superintendent the mission had had.

"The police haven't time to take care of cases that need attention at all times. There are numerous entries on our books of cases that have been turned over to Dewey," said Webber. "He finds jobs for them and in a great many cases lifts them entirely from their fallen condition into a better life."

Mayor Orin J. Sorensen spoke for a few minutes on the work of Superintendent Dewey that had come under his observation. He mentioned cases.

Maranville.

"Rabbit" Maranville, the smallest player in the major leagues, is shortstop of the Boston Nationals. He has made good in the field and has a batting average of .258. He joined the team last fall.

es that he knew of that the mission, aided by the Associated Charities, had helped. He said that he was always ready to help the work in any way that he could.

Judge John Brindley commended Superintendent Dewey for the manner in which he took care of cases that he had turned over to him. He spoke of several cases of drunks that had been given their last chance in circuit court and had been given to Dewey as a last resort. Judge John said that in many cases these men had turned for the good under his watch when others thought there was no hope for them.

Rev. Stanley P. Oadams, pastor of the First Methodist church, made a short address, in which he told of Superintendent Dewey's endeavors here for the past three years.

The closing address and one that was of special interest to the large audience was delivered by Superintendent U. V. Silloway of the Milwaukee Rescue Mission.

Mr. Silloway pleaded for a continuance of the mission. His talk centered around his own mission in Milwaukee. He told of the large numbers of men who daily were taken care of in his institution.

In speaking of the fight to maintain the mission here that Superintendent Dewey has, Silloway said, "Dewey is not licked in the fight for a mission, but the board of directors back of him is licked."

During the early part of the evening, Professor Kerp's male quartette sang two numbers. A violin solo was rendered by Miss Ella Gannon, accompanied by Miss Petra Peterson.

U. V. Silloway, superintendent of the Milwaukee Rescue Mission, and Peter MacFarlane will address a meeting at the mission at 8 o'clock tonight.

TRINIDAD, Col., Sept. 30.—That the attack on the Oakdale mine by hidden assassins Monday, during which hundreds of shots were fired, was a "frame-up," was the charge today by the officials in charge of the strike of 8,000 miners in southern Colorado. "It is the same old trick they played in West Virginia," said Adolph Germer, international organizer.

Hodges today paroled Mrs. Sarah Morasch, 68, a life prisoner, who was convicted of causing the death of four year old Ruth Miller, a neighbor's child, by sending her poisoned candy through the mail. Mrs. Morasch's conviction was based largely upon the testimony of handwriting experts. They declared the writing on the poisoned package was hers.

## POULTRYMEN TO USE SCORE CARDS HERE

Only Two of Local Organization Wanted Comparison System; Hoeschler Elected Secretary

The Western Wisconsin Poultry association at a meeting held last evening decided to use the score card system of judging at its next show to be held December 2 to 8, the same as in former years, instead of changing to the comparison system. There had been some agitation among the members to change the system of judging and the question therefore came up for a vote last evening. The vote stood 19 in favor of score cards, two for comparison and two blank votes. While the majority of members voted for the score cards it was generally understood that the 1914 show will in all probability be judged by comparison. It is planned to hold the 1914 exhibition in the new Company B armory when completed, at the corner of Fourth and King streets, which will make a cooping system possible. With a uniform set of coops and a modern building the association will be able to hold a show much more up to date than ever before and the comparison system will then be adopted.

William H. Hoeschler was elected secretary of the association to succeed Joseph H. Poehling, who resigned owing to other business. Mr. Poehling has been secretary for the past five years and has done much to bring about the holding of successful shows in La Crosse, and the association regrets to have him resign at this time. Mr. Hoeschler, while a new breeder, is an enthusiastic fancier and will take an active part in boosting for the coming show.

Plans for the premium list are well under way and within the next few weeks it will be ready for mailing. Copies will be sent all over the northwest and from this state and Minnesota. The La Crosse show is now recognized as one of the most important in the state and fanciers realize that a premium won in hot competition in La Crosse is worth something.

## ARE BEING HELD ON OWN THREAT

NEW ORLEANS, Sept. 30.—Clarence E. Boatwright and Alfred E. Oliver, formerly of Nashville, Tenn., are being held by the police today, while Boatwright's statement that they intended to hold up and rob the fast New York-New Orleans Louisville & Nashville train just before it entered New Orleans, is investigated.

Boatwright, who admitted planning the robbery, confessed to the police, he said, because he lost his nerve, and named Oliver as his pal. When Oliver was arrested in his room early today, several steel saws were found hidden in his clothing. Boatwright declared these were to be used in breaking jail if they were captured.

## ROBBED IN CROWD

CHICAGO, Sept. 30.—With hundreds of travelers hurrying by, Paul Adams and George Georges, South Dakota farmers, were held up and robbed of \$2,900 in cash at noon today, in a cigar store opposite the Union station.

Adams drew the money from the bank of Graham & Sons and enroute to the depot to board a train for Minneapolis, they stopped to buy cigars. A stranger who they believe may have been a man who jostled them in the bank, pressed a revolver against Adams' breast and without a word drew the bank roll from his pocket. Before Adams could cry out, the robber raced from the store and disappeared in the crowd.

## HUNT COMPANION OF MRS. REXROAT

Mysterious "Mr. Spencer" Sought for Murder of Tango Teacher

## SUSPECT PROMPTLY RELEASED

Is Able to Prove that He Attended Choir Practice Night of the Murder

CHICAGO, Sept. 30.—The hunt for the mysterious "Mr. Spencer," believed to be the murderer of Mrs. Mildred Allison-Rexroat, Chicago tango instructor, was carried on by two different squads of officials today without result.

Sheriff Kuhn of Du Page county, and his deputies, searched in Wheaton, Ill., and near Wayne, the scene of the murder, for a man answering the description of the dancing teacher's male companion. Chicago detectives raked the city on the theory that the murderer boarded a freight train and came to Chicago, after shooting Mrs. Allison-Rexroat and throwing her body on the tracks.

One suspect, taken into custody in a barber shop, was promptly released. He gave his name as Albert Bauer, of Elmhurst, Ill., and proved to the satisfaction of the police that he attended choir practice at an Elmhurst church on the night of the murder. Bauer answered the description but he was apparently fifteen years younger than "Mr. Spencer."

Mrs. Phillip Holland, finger print expert in the detective department today, photographed impressions on the cards found scattered about the mangled body of the murdered woman. These were filed to aid in the identity of the suspects.

## JUDGE ADMITS HE LED LYNCH MOB

FAYETTE, Miss., Sept. 30.—Judge Jefferson Truly, a prominent citizen here, today admitted that he led the mob which lynched two negroes at Harrison Sunday.

"When Fayette citizens under me reached Harrison, the townspeople were barricaded in their houses," he said. "We gave the negro murderers an informal trial and strung them up."

Truly and associates will not be prosecuted. Whites believe that Johnson Prophet, a former Champain, Ill., negro who was always preaching race equality, was to blame for the riot. He is held at Natchez to prevent lynching.

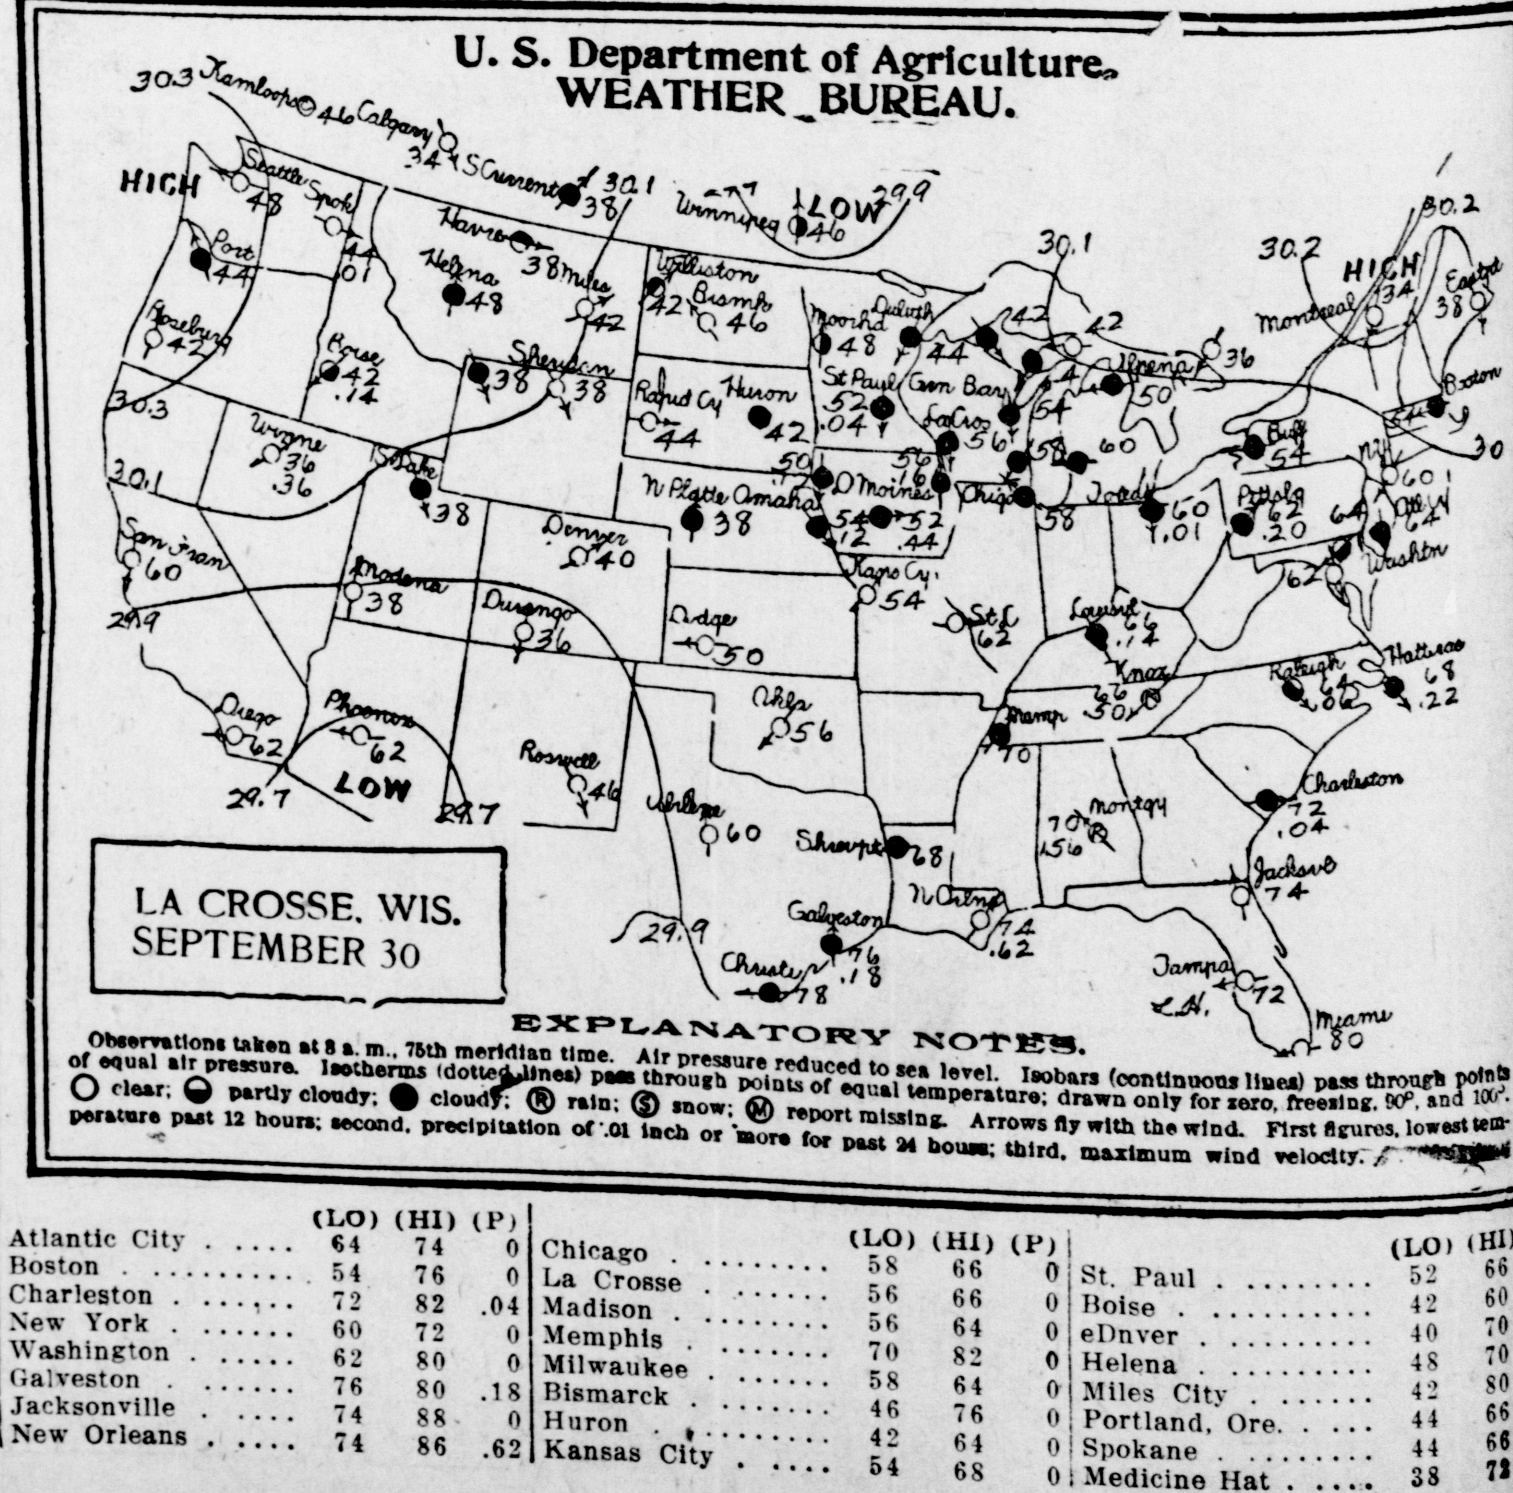

## SCALES WALL AND ESCAPES GUARDS

MOUNDSVILLE, W. Va., Sept. 30.—Making a sensational dash from the ranks of 1,100 prisoners at the West Virginia penitentiary here shortly after noon today, Harry Howard, known as a desperate criminal, scaled a wall by means of a hook, leaped to the ground and fell. Howard was captured within an hour by Police Captain Rittner.

At an early hour today, Alexander Childs, another convict, escaped by means of a rope and is still at large. The entire town is armed and the force of more than 200 guards is understood to be in for a general delivery.

## STABS SELF AND DISAPPEARS

CHICAGO, Sept. 30.—search is being made for R. S. Clark of Denver, a chauffeur, who after stabbing himself in the throat in the Lexington hotel early today ran toward the lake.

The decline amounted to ¾¢ for each month, after September had opened down ¼¢. Corn started firm and a trifle higher, helped some by the cable, but eased off with the break in wheat prices, going down a fraction for September and ¾¢ for December under the prices prevailing at the start. ### Where the Akhund Rules.

Swat is the name of a valley and petty state northeast of Afghanistan. It takes its name from the River Swat, the Soastes of the ancient Greek geographers—an indirect tributary of the River Kubul. Its people belong to a race called Yusufzal. Akhund is the title of its rulers. The old line of princes, which till a comparatively late time ruled in Swat, claimed descent from Alexander the Great.

Rochdale, England, laid the foundation of its prosperity in the reign of Edward III., when a body of Flemish emigrants took up their abode there and introduced their craft as clothiers. Rochdale, in the time of Queen Elizabeth, had become so famous for its woolen manufacturers that the "aulnager," the official appointed by the queen to measure all woolen cloth made for sale, had to appoint a special deputy there to keep pace with its manufacture and see that the crown was not robbed of its dues.

The visitors' lineup, with the exception of two men, was of the second string. Neither Hess nor Quinn could check the Giant sluggers in the first, eleven hits being made off them. Thorpe, playing as a regular for the first time, rapped out a single and a home run out of four tries and played an errorless game at center. Hearn and Crandall pitched.

The second game was a walkover for the locals. Scores:

WOMAN CAUSE OF  
FATAL QUARREL

ST. LOUIS, Mo., Sept. 30.—The host of Miss Helen Martin that her fiancé, Sergeant Herman Ohler, U. S. A., was so gallant that he would drink wine from her slipper, was questioned by John Moriarity, a confessor. She told Ohler, who so severely beat Moriarity that he died of his injuries. He suffered a concussion of the brain, a fractured jaw and a scalp wound.  
Ohler, who had been in charge of the United States recruiting station here for four years, was held on a murder charge.

M'GOORTY LICKS  
FRANKIE KLAUS

MILWAUKEE, Sept. 30.—Frank Klaus and Eddie McGoorty will probably be matched, following McGoorty's victory over the Pittsburgher here last night. This was the announcement of promoters today who said that Klaus had asked the return bout and McGoorty had tentatively accepted. The Easterner was handicapped by his ignorance of the "open" style of fighting prescribed by the Wisconsin boxing commission.

In batting, however, McInnis has a big lead with a percentage of .329. Merkle has a batting average of .252.

Keeps Your Stove  
"Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK  
STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we are sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE  
ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.  
Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

Watching The  
Scoreboard

BY HAL SHERIDAN  
It's a dull day that doesn't bring some change at the bottom of the American league percentage column and the Browns are again in last place.

With many of the Giant regulars looking on the Yankees beat the Red Sox twice and pulled themselves into seventh place.

Walter Johnson hung up another one for his season's record and scored his 36th victory. He picked the Athletics, patched by many substitutes, to stand on the receiving end of the beating.

Mack's pitcher, Wyckoff, would probably have won the game against anyone but Johnson. He allowed but three hits. Johnson gave four. Washington scored the only run of the game on two scratches, a base on balls and an error.

Cravath of the Phillies revised his home record by driving out his nineteenth circuit knock of the season in the second game against Brooklyn.

Reulbach held the Phillies to four hits and won the first game, but the second ended in a tie after fourteen innings and will be played off today.

The Giants did more hitting with a half dozen second string men in the lineup than the regulars might have done in the first game against the Boston Braves. They poked out nine safeties, one a home run by Jim Thorpe.

They fell into the old habit in the second game, however, and connected for but three hits, netting one run.

Daily University  
Bulletin

MADISON, Wis., Sept. 30.—The undesirable odor of flavor which is apt to be imparted to milk by the feeding of such succulences as silage, turnips, beets, pumpkins and certain of the pasture weeds can be at least partially counteracted by the supplementary feeding of a ration of sand, clean, dry feeds, according to

A. C. Baer, instructor in dairy husbandry at the college of agriculture of the University of Wisconsin. He urges dairymen to take the precaution to provide their herds with the succulent feeds as soon after milking time as possible and practicable. That an odor or flavor is likely to be present in the milk when the necessary care is not taken in feeding was shown at the recent state fair, all but three of the entries in the market milk class being scored on account of this defect. The defect was due in nearly every case to the presence of a "slushy" grass, silage or weed flavor.
